

Outstanding Administrative Achievements in the Year of the Golden Rooster

Excellent Results of International Cooperation

International Enterprises and Overseas Talents Recruitment Activities

To enhance the effectiveness of international enterprises recruitment and domestic and international visibility, the STSP Administration visited Japan (Tokyo, Osaka, and Yokohama), the US (San Francisco, Los Angeles, and San Diego), and Canada (Vancouver and Toronto) and conducted enterprises recruitment presentations in 2005. All received positive feedbacks and grabbed great attention.

During the enterprises recruitment trip to Japan from October 17 to 22, 2005, the delegation participated in "Taiwan FPD Presentation" and conducted enterprises recruitment presentation in Osaka attracting great media attention from Nikkei BP MicroDevice, Nikkei BP Electronics, the IC Industrial News, and Dempa News and the participation of more than 200 people time.

On the trip from November 6 to 13, 2005 to the US and Canada, the delegation signed the MOU with five biotechnology manufacturers and software developer of cell phone including Viva Pharmaceutical Inc., ARIUS Research Inc., GenePharm Inc., ABARCA Group, and Dadango Inc.

During the enterprises recruitment trip of Kaohsiung Biotechnology Park to the US from November 29 to December 7, 2005, the delegates visited 11 biotechnology enterprises including Amprotein, AdvanceBiotherapy, Amgen, Sidney Kimmel Cancer Center, and PERLAN Therapeutics and signed MOU with Victorch Meditek. "The Enterprises Recruitment Presentation of Kaohsiung Biotechnology Park" was held in San Diego on December 5, 2005, introducing the features and core facilities and planning in the Kaohsiung Biotechnology Park.

Domestic Enterprises and Talents Recruitment Activities

Enterprises Recruitment of Kaohsiung Biotechnology Park

With the aim to speed up the development of domestic biotechnology industry cluster, the Kaohsiung Biotechnology Park is now in the stage of active preparation. In 2005, besides the priority work on the detailed evaluation and planning of positioning, the requirement of necessary facilities, marketability, financial feasibility, development, and operations, the STSP Administration conducted enterprises recruitment presentations in northern, central, and southern Taiwan hoping that through these opportunities, biotechnology enterprises will be able to join us to share opinions, technologies, and experiences and to achieve the goal of enterprises recruitment and promotion.

Rise of the South - On-campus Talents Recruitment

To publicize the advantageous environment, future potential, high quality working environment, and comfortable living functions of the STSP, to introduce the STSP to the young students, to make the STSP enterprises become the first choice for work, the STSP Administration in 2005 conducted Rise of the South - On-campus Talents Recruitment Activity respectively in National Yunlin University of Science and Technology, National Chung Hsing University, National Taiwan University, National Cheng Kung University, National Central University, and National Tsing Hua University attracting the participation of in total of 1,200 people time and introducing the talent demands and development of STSP.

Beginning of "On-campus Talents Recruitment" Declared by the Director-general of STSP Administration, Chein Tai and Honorable Guests in National Yunlin University of Science and Technology (April 27)
