

# :: Appendix I

## New Tenant Enterprises in 2006

### Integrated Circuits Industry

#### Acute Technology Corp.

Invested US\$ 3.3 million in communication networks devices and related ICs, multimedia ICs, other related ASICs, module design, application software, silicon intellectual property and technical services of aforementioned products.

#### BeeDar Technology Inc.

Invested US\$ 1.9 million in RFID transponder SoC, universal RFID SoC and RFID reader SoC.

### Optoelectronics Industry

#### Yuieh Hsene Electronic Co., Ltd. STSP Branch

Invested US\$ 0.6 million in eco-lasting lamps.

#### Epistar Corporation

Invested US\$ 108.1 million in high brightness light emitting diode (LED) products, AlGaInP, AlGaN HB LED epi-wafers and chips.

#### Nulight Technology Corporation

Invested US\$ 60.0 million in mercury free flat fluorescent lamps and related products.

#### EPILEDs Technologies Inc.

Invested US\$ 16.5 million in epitaxial wafer and chip for blue, green ultra and high-brightness light emitting diodes (UHB LEDs).

#### Formosa Epitaxy Inc.

Invested US\$ 16.1 million in Gan-LED.

#### Tai-photovoltaic Technology Co., Ltd.

Invested US\$ 9.0 million in PV modules.

### Biotechnology Industry

#### A-King technology Co., Ltd.

Invested US\$ 1.8 million in endosseous implant and dental implant instruments, and critical parts and assemblies for the liquid chromatography systems.

## Precision Machinery Industry

### Utechzone Co., Ltd. STSP Branch

Invested US\$ 0.9 million in automated vision inspection systems.

### eGIGA Source Technology Co., Ltd. Kaohsiung Park Branch

Invested US\$ 0.9 million in optoelectronics process and test equipment and automation systems.

### Gallant Precision Machining Co., Ltd. Tainan Branch

Invested US\$ 1.4 million in semiconductor packaging front-end/back-end related equipments, flat panel display industry related processing equipments, and semiconductor and optoelectronics industry precision components.

### Yaskawa Electric Taiwan Corporation Tainan Science Park Branch

Invested US\$ 2.2 million in LCD panel transfer automation system and LCD panel transfer robots.

### E-Heng Technology Co., Ltd.

Invested US\$ 3.0 million in vacuum coating system and relevant components as well as flat panel display automation equipments.

### Magnate Technology Co., Ltd.

Invested US\$ 9.0 million in aircraft engine case, landing gear, and subsystem components, ultra-hygiene controlled food filling in-line machine components, semiconductor/FPD manufacturing machine manifold components, and industrial automation and transmission components.

### Chaheng Precision Co., Ltd. Kaohsiung Science Park Branch

Invested US\$ 6.0 million in aerospace precision ring-shape components and aerospace 3D airfoil components.

### King Slide Works Co., Ltd.

Invested US\$ 30.0 million in rail kit for server, computer, communication and slide and hinge for cell phone and LCD.

## Telecommunication Industry

### Global Top Technology Inc.

Invested US\$ 0.4 million in GPS module and related application products, wireless transmitter/receiver module and lightning switch, as well as ZigBee module and BeeZy guard.

## Other Industries

### San Fu Chemical Co., Ltd. STSP Branch

Invested US\$ 9.0 million in tetramethyl-ammonium hydroxide.

### Sanho Chemical Co., Ltd. Kaohsiung Science Park Branch

Invested US\$ 4.5 million in latent curing agent and thermal plastic resin adhesive.

Delta Electronics, Inc. Tainan Branch, located in TSP, was awarded "2006 Green Building of the Year" by the Ministry of the Interior.
